II. Criteria for distributing broadcasting revenues

The revenue obtained for the joint exploitation and marketing of audiovisual rights of the National League Championship (LaLiga Santander and LaLiga SmartBank) have been distributed among the clubs participating in the Primera Division and Segunda Division A in accordance with the criteria of Article 5 "Criteria for distributing revenue among participants in the National League Championship" of the RD.

Such that:

1.In accordance with the provisions of Article 5.3.b).1 of the RD, given that the Segunda Division A has more than 20 teams (at the end of the section), the percentages received in accordance with their sporting results have been adjusted as per the following section of said article, maintaining a progressive structure based on the results, as set out in the following table:

2. In accordance with the provisions of Article 5.3.b).2 of the RD, the percentages distributed to the clubs in the Primera Division and Segunda Division A based on the social influence weighting have been determined according to the following criteria: one third based on their average income from season tickets and gate receipts over the past five seasons, and the remaining two thirds based on their contribution to broadcast resource generation calculated through a comparison with the average audiences recorded by the participating clubs in each season. The latter criterion was duly approved by the Division Boards of the respective divisions during the meetings held on 11 December 2015, and these were the competent bodies as established in the Articles of Association of the Liga Nacional de Futbol Profesional.
