1. INTRODUCTION

Royal Decree-Law 5/2015, of 30 April, regarding urgent measures in relation to the commercialization of the audiovisual rights of professional football competitions ("**RDL 5/2015**")¹ establishes that participation in an official competition of professional football in Spain will necessarily entail the transfer by its holders to the organising body, of the powers of joint commercialisation of audiovisual rights.

LaLiga, as the organising body of the Spanish Football League (First and Second Division), is the entity in charge of jointly marketing the audiovisual rights of the Clubs participating in these competitions.

LaLiga's prestige has surmounted national boundaries. There is an increasing worldwide interest in the Spanish Football League and LaLiga stirs passion among football fans in United Kingdom of Great Britain and Northern Ireland ("**UK**") and the Republic of Ireland ("indistinctly, "**Ireland**" or "**Republic of Ireland**"). This is the reason why LaLiga aims at achieving an authentic audiovisual experience for LaLiga's fans in these territories, with a powerful high-quality broadcast, using the latest audiovisual technology.

To this end, LaLiga has drawn up this document (hereinafter, the "**Request for Offers**"), which contains a description of the audiovisual content offered in the UK and the Republic of Ireland, the rules to submit a bid, the bid evaluation process and its subsequent award.

This document is available in Spanish and English at LaLiga's website².

Although LaLiga directly markets audiovisual rights in Spain, it should be noted that LaLiga has appointed Mediaproducción, S.L.U. as the entity in charge of promoting the commercialisation of the audiovisual content included in this Request for Offers. Mediaproducción, S.L.U. shall not participate as an interested audiovisual operator.

¹ It should be noted that the content of RDL 5/2015 has been recently amended by Royal Decree-Law 15/2020, of 21 April; Royal Decree-Law 26/2020, of 7 July; and Royal Decree-Law 15/2021, of 13 July.

² The Request of Offers is available at: <https://www.laliga.com/derechos-audiovisuales/derechos-internacionales> and <https://www.laliga.com/en-ES/audiovisual-rights/international-rights>. This document is a non-official English courtesy translation of the Spanish document entitled as "Comercialización internacional de los derechos de explotación de contenidos audiovisuales del Campeonato Nacional de Liga - Reino Unido y República de Irlanda" dated 31 January 2022. In case of any discrepancy between the English version and the Spanish version of this document, the Spanish version will prevail.

Therefore, it will not submit any bid for the exploitation of the audiovisual content described below.

Finally, prior to the international commercialisation of audiovisual content, LaLiga has requested a report from the National Markets & Competition Commission (“**CNMC**”) on the adequacy of this Request for Offers to ensure the compliance with the principles of publicity, transparency and non-discrimination.

Should LaLiga not receive satisfactory Bid(s) for the Package(s), LaLiga will start a second or successive bid rounds, or may cancel this Request for Offers. At this time, LaLiga may change the exclusivity applicable to the Packages. In such circumstances, Bidders will be duly informed beforehand.

4.3. Compliance Form
